A massive crowd of people, mostly in blue and red, is gathered on the lawn. The text "HOW SWEET IT WAS!" is superimposed in white serif font across the middle of the image.

IT'S YOUR SCHOOL

A VERY SPECIAL ONE!

It was a remarkable weekend. Hundreds came, enjoyed, felt very welcome and were happy that they belonged to the BCS/KHC heritage. Everything ran like clockwork, which is impossible without precise planning. This feat was carried out by David Cruickshank, Bradley Mitchell, Charles Peacock, Lewis Evans, Andy Johnson, Kim Laliberte, Patricia Peacock, Geoffrey Thomson, Ann Mitchell, Stuart Deacon, Jim Strickland, Margaret McGregor, Allan Cline, Anne Case and the dozens of BCS students who spent hours decorating the School, the gym, and the rink and those who stage managed and lit the Cabaret. All these people and many more were aided and abetted by the co-chairmen Michael Huband and Kip Cobbett, by Tim Porteous, Mary Iversen, Lewis Evans, Sr., Margot Graham, Michael Skutezky and all the alumni who backed them up. To them, all our kudos and thanks for an unforgettable 150th.

WHAT THEY SAID ABOUT THANKSGIVING WEEKEND

To be part of such an outpouring of pride, support, and encouragement is an uplifting, yet humbling, experience — **David Cruickshank**, Headmaster.

A first-class team effort — **Bradley Mitchell**, BCS '53, Director of Development.

I'm sold on BCS — **Oggie Class**, BCS '32, former Headmaster.

I wouldn't have missed it for the world! — **Gilly**, former Headmistress of KHC.

What else can I tell you? I'm so proud of that School! — **Sam Abbott**, former Athletic Director.

What struck me most was an extraordinary sense of something I couldn't put a name to — "family" sounds corny, but perhaps "cohesion"? Everyone seemed tied up with the School and proud of it. — **Lewis Evans, Sr.**, former Staff member and Drama Director.

Working on the Cabaret was the most fun I've had in ages... made me personally feel very proud to be part of the BCS organization — **Mary (Molson) Iversen**, KHC '42.

The quality of the School is partly a result of its long history. We wanted to present that history in an entertaining way — **Tim Porteous**, BCS '50.

Saw a lot of old friends, had good fun, was impressed with the changes at School — i.e. discipline — **Bill Price**, BCS '45.

... a wonderful party. As a KHC Old Girl, I felt very much "at home" — **Alice (Ross) Aird**, KHC '45.

It takes a weekend like this to make me realize how important the School was to me — **Ian Henderson**, BCS '55.

Seeing Messrs Bradley, Monk and Morris was great relief — at least some of my contemporaries are still contemporary! — **Ross Newman**, BCS '61.

Whoops! — **Peter Schmidt**, BCS '64 (Peter arrived from Spain on Monday after numerous travel delays).

... the Choir, the Brass Ensemble — I have never heard anything so fabulous — even better than our 1940-44 KHC choir!! — **Lucy (Molson) Sharp**, KHC '44.

A splendid sunlit weekend when the past and the future met, mixed and made memories — **Charles Peacock**, Staff Chairman, 150th Committee.

Great game, great entertainment on and off the field — **David Turner**, Athletic Director.

The hit of the weekend was watching Dorothy Hewson playing the drums (in the Cabaret) — **Barbara (Drummond) Brodeur**, KHC '52.

VERRRRRY BUSY!!! — They did an awful lot of drinking! — **Kim Laliberté**, Coordinator of Alumni Relations.

What score? What football game? — absolutely EVERYONE on the sidelines (they were all too busy greeting friends).

I think it is absolutely DISGRACEFUL when the Chairman of this School puts on a short little tunic and dances around the stage — AND LOOKS AS WONDERFUL AS SHE DID WHEN I FIRST KNEW HER! — **Hart Price**, BCS '46.

FROM THE EDITOR

The cover aerial photo of the School was taken by photographer, Paul Lindell, of Sherbrooke. The other photos in this issue of the Bulletin, except where noted, were taken by the editor. Cabaret photos, for the most part, were taken during rehearsal. We would be delighted to receive copies of any taken by alumni during the weekend for inclusion in the Archives. My apologies for omitting some names of alumni photographed. I am much better at "snapping" than "recording".

COME FLY WITH MAGGIE

Maggie George, Development Office Secretary, piloted the aircraft which carried photographer Paul Lindell over the School before the Old Boys' Football Game on Thanksgiving Weekend. One of her excited passengers was Dorothy Hewson, former KHC staff member and present Head of the Music Department at BCS, who claimed the flight was the thrill of a lifetime. Her seat, and one other, were raffled at the School the week before Thanksgiving.

THANKSGIVING VIDEO

A videotape was made of the Chapel Service and the Cabaret. The original film was taken to Los Angeles by **Robert Morris**, BCS '71, where sub masters were made, from which Astral Film Enterprises Inc. of Montreal has produced VHS and Beta copies suitable for home viewing. You may place your order by ticking the box on the "Let's Keep In Touch" card and sending \$20.00 (includes shipping and tax).

**"... IF YOU DON'T KNOW WHERE YOU ARE GOING YOU WILL END UP
SOME PLACE YOU DON'T WANT TO BE..."**

Panel listening to reports at Thanksgiving: Derek Price, Pam Dunn, Mike Skutezky, Bev Bradley, John Pratt.

The Plans and Resources Committee was given the following mandate by Shirley Stoker, Chairman of BCS, in December of 1985:

"to draw up a realistic five-year plan for BCS that would be self-perpetuating in its structure. This plan should be an analysis of what we presently have and what we aim to achieve in the future."

I thought you might be interested to know what has been accomplished so far. The process has been divided into three phases:

Phase I — January 1, 1986 — May 30, 1986

Beginning in January 1986, as Chairman of the "P and R Committee" I worked with the Director of Development and the Headmaster in identifying areas of examination of the strengths, assets and weaknesses of BCS. The Director of Development and I attended the NAIS (the National Association of Independent Schools) Long-Range Planning Policy and Development Workshop in Tarrytown, New York on April 20 and 21, 1986 to assist in the development of an approach to the determination of a Long-Range Plan.

Phase II — June 1, 1986 — October 15, 1986

During the early part of Phase II, ten subcommittees were constituted and questions asked to correlate and examine information that had been derived during Phase I.

As part of this fact-finding process, subcommittee members prepared written reports which were presented orally to a panel consisting of Pam Dunn, Derek Price, John Pratt, Bev Bradley and me during Thanksgiving weekend.

The reports were thorough, provocative and extremely well-presented to the panel. The Thanksgiving weekend presentation and panel discussion have produced a tremendous amount of data which will form part of the data base of my report to the Board of Directors.

PHASE III — October 15, 1986 — June 1987.

During Phase III, there will be further analysis and synthesis of data by the Chairman, some panelists and selected experts as part of the preparation of the final report to the Board of Directors.

As a follow-up to the Thanksgiving forum, we probably have more questions than answers and no doubt a number of the "presentors" will be contacted for further details and clarification as part of the analysis and synthesis of the large amount of data delivered.

As a panelist, I was moved by the spirit and the cooperation which we have had from so many people in our fact-finding exercise. There is now an enormous amount of responsibility on the Chairman to get the Report to the Board right.

Strategic planning, setting of goals and objectives and defining an action plan is an ongoing evolutionary process of which the Report is only a part. I hope that certain aspects of the forum have taken on a life of their own and that a number of ancillary problems will be solved before the Report is even delivered. One of the common threads of many of the presentations was a desire for closer interaction between the Board of Directors and the School community. That process seems already to have begun.

THE CASE FOR ANNUAL GIVING

"Annual Giving" is the amount of money given to the School each year by an Old Boy, an Old Girl, a parent or a special friend of BCS. From our perspective it does not include amounts given to special campaigns or appeals for specific projects such as capital additions.

Why do we need it? As we are presently constituted, the fees paid by parents are intended to cover the **basic** costs of operating the School only. All costs associated with operating the Development Office, the Foundation, and the Alumni Association must come from other sources.

Take the BCS Bulletin, for example. Twice a year the Development Office mails the Bulletin to over 4,000 alumni, present parents and friends. Its purpose is to ensure that members of the BCS constituency are up to date on all facets of School life. Hopefully it fosters interest in

and concern for the School's activities. It attempts to keep alumni in touch with each other through News of the Classes, Alumni Activities, etc. Unlike many schools, BCS does not charge a fee to those who receive our mailings.

Our ultimate goal is, of course, to provide the financial resources to ensure the future of BCS. My dream is to see our Scholarship Fund grow by leaps and bounds, that we may be in the position to offer financial assistance to many more than the 55 students presently receiving some form of funding.

How much should we give? How much people give clearly comes down to an individual decision influenced by interest, personal resources and other commitments. During last year's phonathon, we suggested \$10 for each year since graduation. Not everyone met this

goal; others exceeded it, but the interesting thing was that most thought it was a fair and reasonable formula to use.

Generally speaking, you can specify where your money goes. You can choose between endowment gifts, where the capital is preserved (Scholarship and Capital Funds, for example) and general gifts where the money is used to support the operating expenses of the Development Office or to provide for special School needs. Should you feel strongly about the Library, the Archives, the Theatre, etc. you may so indicate.

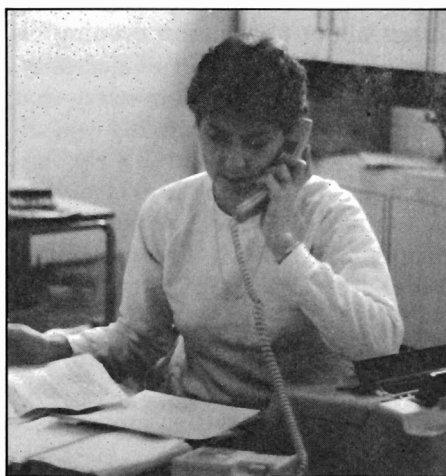

Please give generously. We at BCS believe you will continue to be very proud of your association with the School. With your support the next 150 years will be even better than the last 150 years!

Director of Development

THE RECORD SALUTES BCS

To coincide with Thanksgiving, the Sherbrooke Record published a 40-page supplement congratulating BCS on its 150th Anniversary. It was a first-rate job, filled with interesting articles on the history of both BCS and KHC. It included interviews with the Headmaster, David Cruickshank, former Headmaster, Oggie Glass, our Chaplain, the Rev. Patricia Peacock, former Cadet Corps Instructor and Athletic Director, Sam Abbott, some new students who spoke of their experiences on new student line, and a former dining hall waitress from the 40's, Ruby Martin. Archivist Jim Winder supplied the numerous photographs and many of the historical details. Copies of the supplement are available at the Development Office.

APPOINTMENT

Effective October 1st, Kim Laliberte was appointed Alumni Relations Coordinator. A member of the Development Office staff since April, 1982, Kim is the official liaison person between the BCS Development Office and our alumni all over the world, especially with regard to setting up regional and class reunions, keeping alumni lists up to date and assisting with the organization of the numerous Development Office activities. Please feel free to contact Kim directly if there is something you need from the Development Office — 819-566-0227.

TORONTO REUNION — 11 SEPTEMBER 1986

Graham Hallward, Sam Abbott, Crick Glass.

When we left School at noon on September 11, the old place was shrouded in fog and hunched against the driving rain that has been the hallmark of the first few days of term. Inside School House, however, the sun was shining as two hundred and ninety students found themselves being drawn inexorably into the rhythms of BCS. The mood was — and remains — upbeat, enthusiastic and positive. In Toronto that evening the weather had changed; the mood hadn't. Some one hundred and fifty old girls and old boys gathered at the venerable B & R for an evening of reminiscing, meeting old friends and former staff. **Sam Abbott** was there, surrounded by old boys who found him not nearly so terrifying as they remembered from their days at School. **Ron Owen, Bob and Anne Bedard, Stewart and Ibby Large, Gordon Moffat, and Chris and Viola Love** — all were focal points of attention. Steve Macknish worked his magic through the triple-screen slide and music presentation on the School. The audience clapped and chuckled as photos of the dreaded Cross-Country and of house rugby shirts flashed on the screen. Memories long dormant were revived and the nostalgia pervading the room was an almost visible presence.

Crick Glass, BCS '72, and Graham Hallward, BCS '74, with help from other alumni, organized

the evening. **Sam Abbott** drew the names of door prize winners. Prizes included a weekend for two at Hovey Manor, given by **Steve Stafford, BCS '60,** and won by newlyweds, **Mary and Graham Hallward, BCS '74,** a weekend for two, given by the Trillium B & B in North Hatley, won by **Sarah Stairs, BCS '79** and Air Canada prizes won by **Mary Conduit, KHC '67,** and **David Ashworth, BCS '49.**

One of the mildly frustrating things about a "reunion evening" is that conversations are, of necessity, so short. Be assured, however, that Jean and I did enjoy seeing you all and we were delighted by the enthusiasm and support for the School we found in everyone we met. Many thanks KHC/BCS Toronto for a thoroughly enjoyable evening.

HAIL MONTREAL REUNION!

The Montreal Reunion, called the "Pre-150th Kick-Off Party," was held on May 29th at Victoria Hall in Westmount. I think it was the day we last saw the sun — let's call it the "Pre-150 Days of No Sun Kick-Off"! The night was a great success with 150 guests chatting with old and new friends, while enjoying fantastic hors d'oeuvres made by **Carlotta Stoker**, BCS '81. Cold drinks were most welcome on that muggy day, which one hour after cocktails began, erupted into the worst hail storm of the decade. One hailstone shattered the windshield of the Headmaster's car. **Paddy Stoker**, BCS '38, arrived in slicker and rubber boots, and carried a paddle!

However, the captive audience seemed content to eat the baked brie and watch Steve Macknish's entertaining multi-screen slide show of BCS in 1985, which brought back happy memories of school days. To show their appreciation of the show, the Alumni Association voted to purchase two projectors to replace those rented for each presentation. A show of hands indicating decades resulted in **Marjorie (Francis) Teakle**, KHC '21, being awarded a beautiful flower arrangement, as the least young Old Girl present. **Terry Mitchell**, BCS '19, was the least young Old Boy in the room.

My thanks to the directors of the Alumni Association, the School's Alumni Office gang, Carlotta, and to all of you who joined us; it was great fun. We should all look forward to a closing 150th Montreal Reunion next spring. At that time, **Andrew Johnson**, BCS '80, will be Chairman of the Reunions Committee of the Alumni Association.

MONTREAL PHONATHON

OPEN LETTER TO BRAD MITCHELL

FROM JOHN S. PRATT, B.C.S. '48-'54

Dear Brad,

It appeared to me more appropriate to write to you in letter form than to respond to the Editor's request to submit a "write-up" about this year's BCS Foundation Phonathon.

When you put the squeeze on me to help organize the Phonathon, I had little idea just how much was involved. Nonetheless, when it came time to finding willing phonathoners, I found myself very much enjoying the task. The short of it was that 36 BCS or King's Hall graduates showed up at Richardson Greenshields Canada Limited on the evening of April 6th to solicit support from graduates who'd not yet made a donation in '86. In three hours, \$9,232 was raised. The loyalty and enthusiasm for BCS warmed my heart: **John Cowans**, BCS '54, epitomized the loyalty, raising the most in donations by 8:00 p.m.; **Kim Drummond**, BCS '79, elicited pledges from 100% of those she called.

With BCS computer wizardry on hand, Kim Laliberte did an excellent job of tallying totals, correc-

ting names and addresses, and dispensing class cards to the callers. **Rae Heenan**, KHC '55, organized the refreshments. Saga Foods donated eight dozen chocolate chip cookies. (Incidentally, surplus food was donated to Auberge Madeleine, a crisis centre for women.)

There were important changes to my life as a result of the "Mitchell Squeeze." You convinced me there's a BCS role for **everyone**. It was your influence which allowed my strong BCS roots to resuscitate. Thanks, Brad! I know you'll sustain your dedicated and successful efforts on behalf of BCS. Recent visits to the School have shown me that the beneficiaries — BCS girls and boys — enjoy and contribute to the wonderful, healthy, dynamic way of life at BCS. Here's to next year's Phonathon.

Sincerely,
John

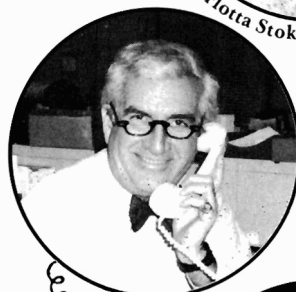

P.S. Give those pledges a squeeze too, and we'll push over the \$10,000 mark!

OLD BOYS' RUGBY

May 3rd brought north winds and snow flakes and a large number of Old Boys back to the School to play in the Old Boys' Rugby Game. Staff members turned out in full force to watch a game which was characterized by good will, good fun and excellent rugby! The Old Boys, leading until three-quarter time, couldn't hold off the School's onslaught, led by coach Robert Common, who took to the field in the closing minutes, minus teeth but full of enthusiasm! The final score was 26 to 20 for the School.

A RETURN TO SCHOOL

BCS Alumni Meeting — September 19, 1986

It has been a good 18 years since I had last visited BCS, and there I was driving down the Eastern Townships Autoroute to attend an Alumni Association Meeting with **Margot Kyle** and **Patsy Thomson**. Obviously times had changed!

We took the scenic route through downtown Sherbrooke but arrived anyway. The Alumni Board members were met at Centre Stairs by Brad Mitchell and given a tour of the School by students, Kate Hubbard, Charlie Scott, Roberta Halpenny and Marwan Abouon. For me the tour turned out to be a real treat and eye-opener, for much has changed since I left. As we strolled about, I sensed perhaps a little less formality and structure. It all looked like fun, and there were girls too!

We wandered into drama classes, computer rooms and the old chemistry lab which brought back memories of my old Housemaster "**Beaky**" Campbell. In a former dorm in School House we found an arts and crafts room with potting wheels and an airplane being built

from scratch. In my day there were a few who tried to fly, but never by building a plane! We continued on to see the old library, now used for administration, and the power house, now a music conservatory. It was good to see that this building was maintaining its tradition for cultural activities! We found a beautiful library downstairs where the locker rooms used to be, visited the Dining Hall, still a lovely room, and the Chapel which for me still holds great significance and nostalgia.

As we eventually sat down in Brad's office for our meeting my mind wandered back to all the good times, challenges and great friends at the School — all fond memories. Those were good times then, but I could see that the many changes have created an atmosphere of new challenges more appropriate for the day. As we all know so well — the one true constant is change and the more things change, the more they stay almost the same.

IN AND AROUND BCS

MOLSON FAMILY TO SUPPORT STUDY OF FRENCH PROGRAM AT BCS

A long-standing interest by members of the Molson family in a sound French program at BCS has been activated. The happy result — financial support from the Molson Family Foundation to examine our current program. The study will include an evaluation of the existing curriculum and facilities, the establishment of a set of objectives, and eventually recommendations of a course for BCS to follow.

Our location in the heart of French Canada provides BCS with an opportunity, unique to Canadian Independent Schools, to become a leader in yet another facet of education.

As a first step, Mme Louise St. Jacques, Modern Languages Department Head, has analyzed the present situation. Copies of her report have been circulated among a group of interested members of the BCS Community. Their responses will lead to the next step.

This initiative from one of Quebec's oldest families is very important. It will focus our attention on a vital Canadian issue and help BCS provide a responsible contribution to it. Our most sincere thanks to the Molson family for their support.

THE BROTHERS' BELL

On Sunday, May 25, the first Founder's Day Service was held in St. Martin's Chapel to celebrate the founding of BCS. The focal point of the Service was the dedication of the Brother's Bell. The bell, liberated from the ruins of an Italian Church during World War I by a cousin of Patrick Stoker's mother, found its way to the Stoker farm in the Laurentians. It hung outside the front door — a means of summons to the Stoker brothers. This bell has now returned, thanks to Patrick — to its ecclesiastical (albeit Anglican!!) origins atop the School Chapel. The bell has been dedicated to:

Guy Drummond **BCS 1925-32**

Patrick McG. Stoker **BCS 1931-38**
T. Thornley Stoker **BCS 1933-39**
Desmond Neil Stoker **BCS 1938-45**

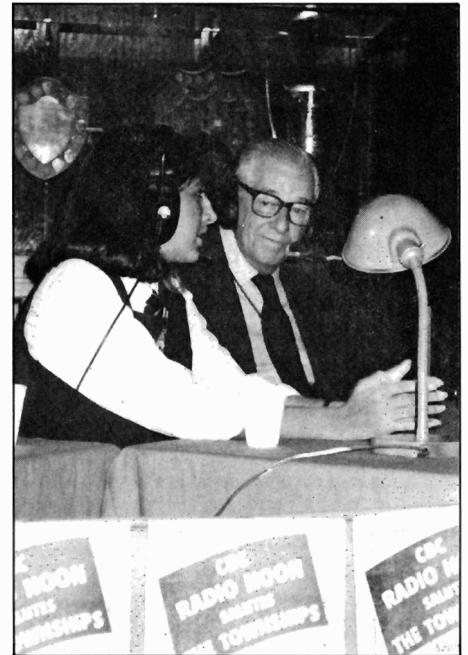

A plaque in the Chapel bears the name of the four brothers and the following inscription:

"Forsan et haec olim meminisse iuvabit", — a quotation from Virgil, meaning "Perhaps someday it will be pleasant to remember these things."

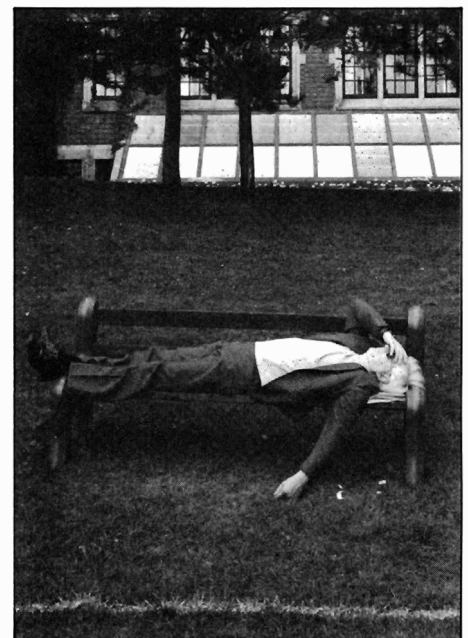

A reception to honour members of the Stoker family was held at Plantation after the Service. The Brothers' Bell now peals daily as it summons the BCS family to prayers in St. Martin's Chapel.

RADIO NOON BROADCAST FROM BCS

On September 24, the radio crew from CBC's *Radio Noon* set up shop in the Development Office and at noon began their broadcast from Centre Hall with special guests, former Headmaster Oggie Glass '32, and prefect, Lisa Setlakwe, daughter of Richie '51, and sister of Mark '78, and Andrew '83. The show's host, Pat MacDougall was "caught" recuperating later that afternoon!

P.A.C. — MONDAYS

An anonymous group of students, calling themselves P.A.C. (Positive Action Committee) sends communiques each Monday to the Headmaster to be read in Chapel. They claim to be “committed to the idea of creatively, imaginatively and inexpensively raising School spirits — specifically by relieving the boredom of Mondays.” Each week P.A.C. selects individuals or groups of people whose contributions to the School are acknowledged with gratitude and specific surprises.

- Week one — masses of Happy 150th balloons appeared in Centre Hall and up the stairs.
- Week two — each of the girls’ houses received a huge box of cut flowers.
- Week three — each student in New Student Line received a donut.
- Week four — the prefects received a jumbo all-dressed pizza from Jerry’s.
- Week five — each School secretary received a red rose.
- Week six — Lu Brady and the ladies of the Linen Room received three boxes of candy.
- Week seven — A large box of homemade cookies appeared in the staff room.
- Week eight — E.S.L. (English as a Second Language) students received a salute for their “indomitable enthusiasm and willingness to explore new frontiers” — so written in a certificate of appreciation.
- Week nine — the Headmaster received “replacement parts” — two inner tubes for his bicycle.

Who is behind this? Who knows? But the group sure achieves its goal of livening up Mondays!

Stop the presses! At Sports Assembly on October 31, the Headmaster announced that P.A.C. had identified itself, and asked those involved to come forward. The six House Captains of Grier House North stood up: David Clinton, Timon Deichmann, Pierre Gaudreau, Yanick Martin, Keir Peschlow and Ed Rees. By spontaneous response, everyone sprang up and gave the group resounding applause. The group then read Communique # 10.

DEAR MR. CRUICKSHANK, TEACHERS, PARENTS, FELLOW STUDENTS AND FRIENDS OF THE SCHOOL.

WE ARE, ON BEHALF OF GRIER NORTH, WE ARE P.A.C. — THE POSITIVE ACTION COMMITTEE!

OUR MISSION THIS YEAR WAS TWO-FOLD.

FIRST, WE WANTED TO POSITIVELY INVIGORATE THE SCHOOL. WE HOPE THAT WE WERE SUCCESSFUL — WE CERTAINLY ENJOYED SERVING YOU!

SECOND, WE WANT TO RAISE MONEY TO DONATE A SHIELD TO THE SCHOOL IN HONOUR OF OUR FOUNDER THE REV. LUCIUS DOOLITTLE. THE SHIELD WILL BE AWARDED ANNUALLY TO THE HOUSE, AS CHOSEN BY THE PREFECTS, THAT CONTRIBUTED THE MOST TO ENCOURAGING SCHOOL SPIRIT.

AND FINALLY, WE WOULD LIKE TO THANK ONE INDIVIDUAL WHO CONSTANTLY AND ENTHUSIASTICALLY SUPPORTED US THROUGHOUT OUR CAMPAIGN. HE PLAYED AN INSTRUMENTAL ROLE IN OUR SUCCESS. THANK YOU MR. CRUICKSHANK WE COULDN’T HAVE DONE IT WITHOUT YOU!!!

Well done, P.A.C.!

A.M.

Note: Housemaster Mark Gallagher was in on the secret too.

BCS STAFF MEMBER ADDRESSES HONG KONG SEMINAR

ATTENTION KING'S HALL OLD GIRLS:

"The Great BCS Giveaway" Campaign raised \$1,000 from King's Hall Old Girls to help defray the costs of painting St. James the Less Church in Compton. Three very appreciative letters were received from members of the Congregation addressed to the Alumni Association.

Please note also that St. James will be celebrating its 100th Anniversary in 1987. In May there will be a special service involving Old Girls (you will receive a separate notice of this event) and on September 6th, at 3:00 p.m., a 100th Anniversary Service.

RADIO AT BCS

Behind a classroom door somewhere on the third floor at BCS a group of students has gathered. They're plotting to start a project that will hopefully change the way of life at the School and stay with BCS far into the future — BCS Radio. These students plan to explore the possibilities and give themselves and others a firsthand experience in the operations of radio broadcasting. Plans are underway. If anyone would like to show some form of support, the group would appreciate it greatly.

A FATHER'S THANKS

The following letter, addressed to the Headmaster, was written in July:

"I would like to take this opportunity on behalf of my wife and myself to both congratulate and commend you and the staff of Bishop's College School on the outstanding educational experience you have provided (our son) over the past few years.

In this day and age you usually get what you pay for at best. In our particular case we feel that you have left (our son) with something that neither the city educational system nor a downtown environment could have achieved. He is becoming an amazing young man. He thinks, is concerned, and can motivate himself to accomplish his given tasks and goals. This in itself is awesome.

It is easy to see why your school has been in business for 150 years. You are very good at what you do.

Please convey our thanks to your excellent staff and feel free to call on me in the future should there be any way I could help support Bishop's College School."

HOTEL PARADISO — A SMASH HIT!

The BCS Players' Club production of *Hotel Paradiso* played 5 nights in May to sold out audiences. Prior to opening night, Director Charles Peacock had been concerned that the play, a bedroom farce, which required split-second timing and masterful performances, might be too ambitious for his stars. However, from the first laugh from the responsive crowd in the intimate atmosphere of the Theatre-on-the-Stage, the cast members threw off their inhibitions, and entered into their roles with rollicking enthusiasm.

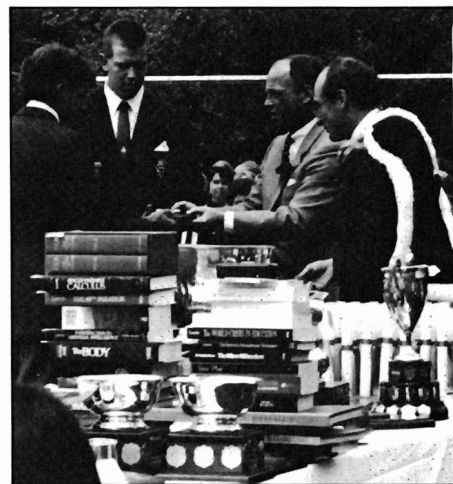

Lewis Evans, who designed and built the revolving set, was faced

with the challenge of providing a foyer, two bedrooms and a staircase for the frenetic second act scene in the Hotel. Considering the tiny quarters of the stage-within-a-stage, the result has been described as the work of a "genius." Margaret McGregor worked her usual magic with the period costumes.

The cast included Ken Evans, son of Malcolm (BCS '50) and Ursula Evans in the role of the philandering husband, and Kate Huband, daughter of Mike (BCS '56) and Ann Huband as the lusty maid. They and their fellow performers certainly left the audience laughing!

KUDOS

James Coleman, Form III, was chosen as one of two Quebec winners (100 grade 8 students participated from Quebec) in a North American competition — Promising Young Writers Program, sponsored by the National Council of Teachers of English. The winners will have their works published in a book to be used as models by middle school teachers all over North America.

Souldust and Pearls VI, a Canadian anthology of poetry written by students and teachers will be including the work of the following students from BCS: Sarah MacLaren, Angela Bunge, Edmund Rees, Leslie Major, Stephanie LeHoux and the cover photo of *Inscape*, taken by Sara Lydiatt.

Mathilde Einhorn and Tim Detchon came first and second respectively in a public speaking contest sponsored by the Oddfellows and Rebekas of the Eastern Townships. As winners, they spent a week in New York City this summer as participants in the United Nations Pilgrimage for Youth.

THE LADIES OF THE LINEN ROOM HAVE DONE IT AGAIN!

They have produced a magnificent banner depicting the 150th Anniversary logo which now hangs in Centre Hall. The photo shows a third crest in the centre of the sun, not a part of the 150th official logo. This crest is now framed and hanging in the Development Office. The banner represents countless hours of hand sewing. Ladies, we salute you!

NEWS OF FORMER STAFF

Gilly reports that she enjoyed the Thanksgiving Weekend Chapel Service and Cabaret enormously. Numerous Old Girls lined up to greet her and others managed a visit to see her and Mademoiselle Caiteux at their home in North Hatley. At press time, Gilly has cycled 8,360 miles on her stationery bicycle!

Mademoiselle Odette Caiteux is in the hospital as this Bulletin goes to press. She is unable to get about very much and so enjoys news of King's Hall Old Girls. As you can imagine, she would "adore" to hear from "her girls". Please drop her a line at P.O. Box 303, North Hatley, Quebec, J0B 2C0.

Susan Kenny, KHC '68 to '72, is living in Toronto where she teaches and is one of 3 vice-principals at Branksome Hall.

Helen Hughes, KHC '46-'72, continues to live happily and quietly with her sister in Fredericton.

Peter Brass, BCS '75-'77, has returned to BCS, where he is now teaching, after being at the London School of Economics since 1977.

Good wishes to all."

Mervyn Gray, BCS '72-'76, has been appointed Headmaster of Bishop's Prep School, Capetown, South Africa, after 9 years at Hilton College. Merv, who started rugby at BCS, writes, "Some of my best memories are of the early rugby years of BCS... my first captain, **Chris Bovaird**, — as good a prop as you'll find in any school abroad... **Don Johnston** spared no man and was a great tower of strength in any scrum... **Rob Millyard**, tragically killed some years later — a very fine player... **Peter Marchuk** — a most exciting fullback — such a sturdy runner... the **Vaughan** brothers — versatile backs... there was no one to touch the sportsmanship and spirit of **Joey Serventi**... What great spirit those BCS guys developed... I've coached a number of top sides since, but I have yet to find or develop the same sort of spirit as we had then. Please pass my best wishes to them wherever they are and say that I hope they will visit us here... there is always a bed and a beer! So far, we've been able to host two old boys, **Pete Marchuck** and **Tim McGee**, and they survived! My regards to Dave Cruickshank and any others who are still there that were with us — and long live BCS!"

Ron Owen, BCS '49-'83 has been presented with the new BCS Library tie. Ron, a former BCS Librarian, is one of the select few eligible to wear it.

Neil Campbell, BCS '70-'72, teacher of history and geography, coached the Ridley College eights to a convincing defence of its Thames Challenge Cup in the final day of competition at the Henley Royal Regatta in England in July.

Chris Love, BCS '33-'41, writes that he will be celebrating the sesquicentennial of Victoria College, University of Toronto, Thanksgiving weekend but sends "all best wishes to the lads we knew and to BCS. We feel sure that BCS is on a course that will retain the best part of its glorious tradition and add whatever is necessary from the modern world." He went on to reminisce nostalgically about staff members and boys from the 30's.

Hebert L. Hall, BCS '36-'62, who instigated the Bulletin in 1943, writes about Thanksgiving Weekend — "my wife and I will fondly and vividly recall the 100th Anniversary Weekend... we shall drink a toast to the next 150 years, thinking all the while of the celebrations you will be having... Let all of us who have had the BCS experience see to it that "the fundamentals remain."
